PERSONAL STATEMENT

A highly motivated individual with a passion for Cybersecurity, I am eager to develop my career in the IT industry. My background in coding, auditing, and civil service preparation through Strive training, along with experience in IT systems, has given me a versatile skill set. I am excited about applying my problem-solving abilities and technical knowledge to cybersecurity work, while continuing to develop my coding and analysis skills. The opportunity to work in a collaborative, high-stakes environment aligns perfectly with my ambitions for growth and learning within the field.

EDUCATION

Google Cybersecurity course November 2024 – Current

Google course – currently studying SQL, Python and Linux. Experience using security tools such as Splunk, Chronicle, tcpdump and Suricata. Completed vulnerability assessments and incident handler's journal.

Frontend Development – Frontend simplified course February 2024 – June 2024

Created projects using languages such as JavaScript and React. Proficiency in HTML and CSS.

Swansea University 2016-2019

Bachelor of Science in Accounting

2:2

Brentside High School September 2009 – June 2016

A Levels – Maths, Economics, English Literature, Physics

EXPERIENCE

Part-time Accountant and Auditor McKelvie & co LLP | London, UK 2015 -2016, 2021 -2024

- Prepared cashbooks, purchase daybooks, sales day books, payrolls, and extended trial balance. VAT returns, corporate tax and full financial statements on TaxCalc.
- First-hand experience of the working environment and of the ethics and motivation needed to succeed in a thriving industry.

Valorant Women's Coach Lionscreed 2023 -2024

- Led a team to promote women in esports (Valorant Gamechangers)
- Became more knowledgeable in man management and learnt essential skills in leadership, communication, and conflict resolution. Used analysis tools and video reviews to strategise plans and counter-actions against opponents.

LEADERSHIP AND EXTRACURRICULAR

Sky News Broadcast Debate Sky | London, UK March 2015

- Selected for a debate on reducing the voting age to 16 for parliamentary elections
- Gave me a national platform to share my views and contribute to a debate about the political situation in the UK

Charity work YPI | London, UK 2012

- Participated and led team winning £3,000 for local Charity Hobbayne
- Through recognition of my work, I was selected as a judge along with Ealing MP Steve Pound for the YPI 2013 Competition.

LANGUAGES, SKILLS & INTERESTS

Skills: Proficiency in Python, SQL, CISSP, JS, HTML, CSS, and adept in VS Code

- English (Native), Nepalese (Intermediate), Spanish (Basic), Russian (Learning)
- Ability to learn quickly
- Enjoy taking responsibility and leading a team

Interests: Sports, eSports, Reading, Coding

- Go karting (fourth in a national competition organised by Sunday Times in 2009)
- Wrote an EPQ on the abolition of the sport for being too dangerous. Voted against abolition owing to the increased safety of the sport in modern times
- American football – key player for Swansea Hammerheads flag football team (2017-2019)
- Reading and Gaming. Founded a team and won the inaugural JDx eSports competition for Rocket League, a national tournament with the prize of being sponsored by JD.
- Coding – Studying a python course alongside Google Cybersecurity. Self-taught projects involving varying frontend and backend languages.
